

YSIBA Tie-breaking Policy

Regular Season Play

Four criteria will be used to determine the final placement of teams at the conclusion of regular season play.

- a. Teams will initially be ranked according to winning percentage

This means that all teams need not play all of their games; however, for a team to qualify for league champion that team must have played at least 90% of their regular season games.

In the event that two or more teams have the same winning percentage i.e. the teams are tied in wins for the same number of games the following criteria will be used:

- b. Total points accumulated
- c. Record in head to head competition
- d. Total wins vs. total losses

Playoffs

In the playoffs the procedure followed will be:

- a. Total points accumulated
- b. Record in head to head competition
- c. The no. of runs allowed divided by the no. of innings played

In the event that a playoff game is not played for whatever reason, that game must be rescheduled.
